Sonoma Forge Finishes 29

“Growing up in our family foundry and blacksmith shop, I found the pouring and forging of hot metal to be pure magic,” says Steve Rosenblatt, founder of Sonoma Forge. “The process of transformation that takes place when molten metal is cast, hammered and then finished is still just as exciting for me as it was the first time.”

Also visit sonomastone.com for beautifully hand-crafted sinks and countertops made from sustainable EarthCrete™, the world’s only stain-free concrete.

Sonoma Forge and Sonoma Cast Stone products are proudly made in America.

WALL AND DECKMOUNT LAVS

WaterBridge
FAUCETS & EXPOSED SHOWERS

A happy marriage of industrial chic and rustic country elegance, the WaterBridge Collection shows versatility in various standard models and available finishes.

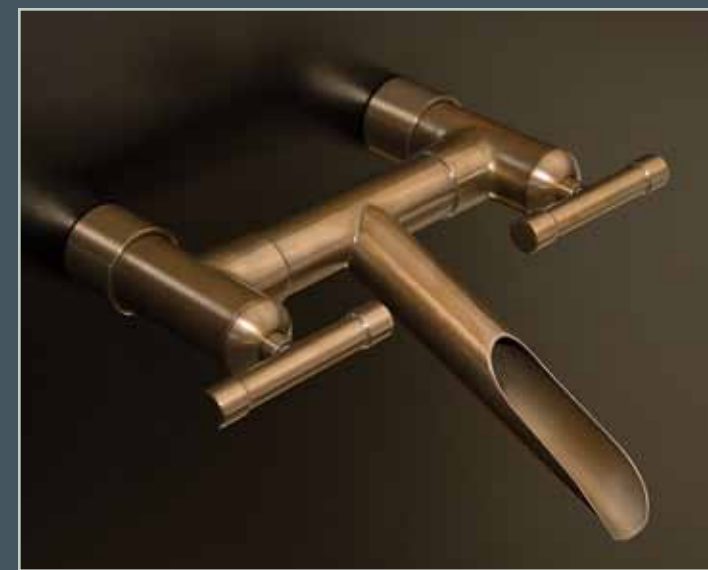

The distinctive lines are a beautiful blend of its raw plumbing parts along with an Asian-influenced spout – creating a style that is both intriguing and unique.

FEATURES & OPTIONS

- Lavs & Roman Tub Fillers
- Optional eLBOw Spout (shown at left)
- Leg Extensions Available for Use With Vessel Sinks
- Available in Rustic Copper, Rustic Nickel, Pizzazz Nickel or Oil-Rubbed Bronze
- Matching Shower Systems & Accessories

REMOTE TUB DRAIN & OVERFLOW

WaterBridge
FAUCETS & EXPOSED SHOWERS

Designed for use with "vessel" style soaking tubs (ones that do not employ an integral overflow), the WaterBridge Remote Tub Drain & Overflow is a stylish solution.

The combined functions both stoppers the tub so it will fill, as well as limits the water level to a predetermined height. It can be placed anywhere in the room and is the perfect complement to the WaterBridge Floor Mounted Tub Filler.

TUB FILLERS

- Optional Lever & Cross Handles
- Optional eLBOw Spout (shown at left)
- Available in Rustic Copper, Rustic Nickel, Pizzazz Nickel or Oil-Rubbed Bronze
- Matching Shower Systems & Accessories

Complimenting our Lavs to coordinate the entire bathroom suite, WaterBridge tub fillers are available in both floor and deck mount models.

SONOMA FORGE 800.330.5553

EXPOSED SHOWER SYSTEMS

WaterBridge exposed showers complement the faucets in the collection with several standard models and finishes to choose from. The distinctive lines are an interpretation of its raw plumbing parts roots that create a happy marriage of industrial chic and rustic country elegance.

FOOT WASH DETAIL

WALL AND DECKMOUNT LAVS

WherEver
FAUCETS & CONCEALED SHOWERS

The WherEver Collection is a widespread version of the Sonoma Forge WaterBridge Collection, meaning the independent control handles may be placed “wherever” you like.

A wall mounted spout can be controlled from the counter top or the order can be reversed.

FEATURES & OPTIONS

- Lavs & Roman Tub Fillers
- Optional Lever & Cross Handles
- Available in Rustic Copper, Rustic Nickel, Pizzazz Nickel or Oil-Rubbed Bronze
- Matching Shower Systems & Accessories
- Spouts available in Sans Hands (Hands-Free)

WHEREVER CUVÉE

From The Wine Country Series

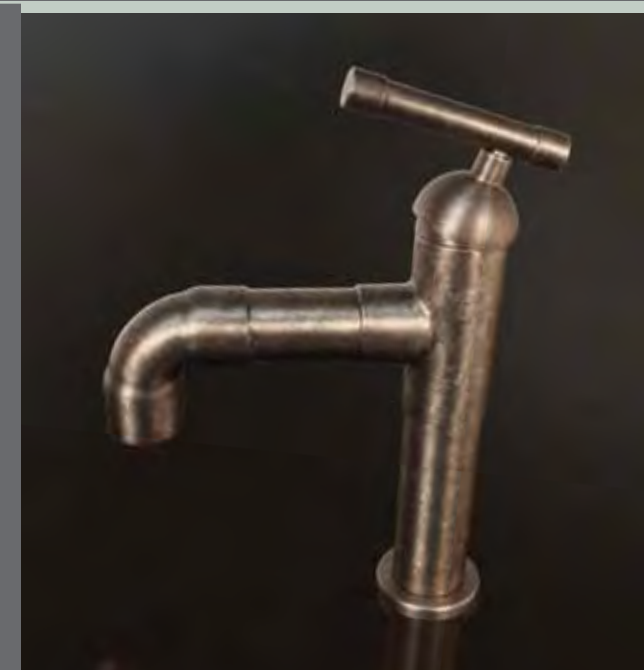

The Cuvée is a balanced blend of our WingNut and WherEver styles. These bar & kitchen faucets, featuring offset lever handles and a prominent arching spout, are a simple yet elegant addition to any home. The Bar spout may be fixed or swivel. The Kitchen spout is swivel only. Optional Side Spray also available.

WHEREVER BRUT

From The Wine Country Series

The Brut does not shy away from making a bold statement, exuding strength that you can count on year after year. These Lav faucets have fixed spouts in two models; Petite (Short) and Magnum (Tall). The Brut Double Magnum (Kitchen) model has a swivel spout, with optional side spray also available.

CONCEALED SHOWER SYSTEMS

To create a beautifully coordinated master bathroom suite, the WherEver Concealed Shower systems best compliment our WherEver and WaterBridge Collections.

WherEver
FAUCETS & CONCEALED SHOWERS

FEATURES & OPTIONS

- Optional Lever & Cross Handles
- Wide Range of Accessories Available
- Available in Rustic Copper, Rustic Nickel, Pizzazz Nickel or Oil-Rubbed Bronze
- Matching Shower Drains Available
- Thermostatic and Pressure Balance Systems

WALL AND DECKMOUNT LAVS

CiXX

HAND-FORGED

Rugged, hand-forged faucets made from solid stainless steel or brass, the CiXX Collection of one-of-a-kind faucets shows real muscle in a distressed surface texture complete with the blacksmith's original hammer marks and other affects of the forging process.

Like nothing else on the market, CiXX fixtures are perfectly at home in an urban loft, the country estate or mountain lodge.

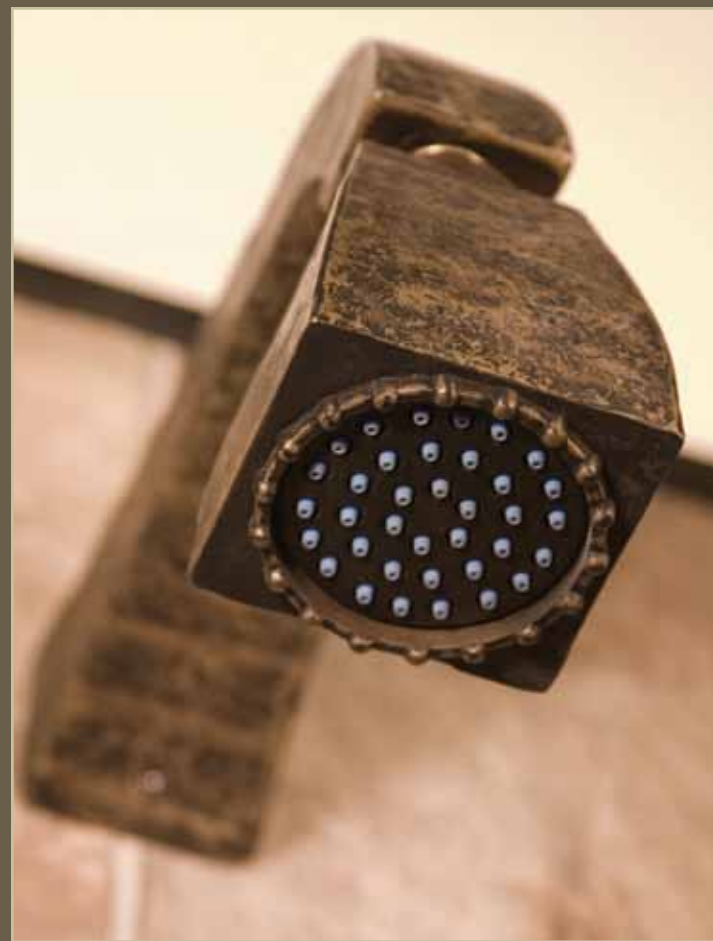

WWW.SONOMAFORGE.COM INFO@SONOMAFORGE.COM

FEATURES & OPTIONS

- Lavs & Roman Tub Fillers.
- Available in Hand-Forged Brass or Hand-Forged Stainless Steel
- Matching Shower Systems & Accessories.
- Spouts Available in Sans Hands (Hands-Free)

SONOMA FORGE 800.330.5553

CiXX CONCEALED SHOWER SYSTEMS

Like the other CiXX fixtures, the CiXX shower set is made of hand-forged stainless steel or brass, so each piece is unique. This ruggedly distinctive style is the perfect choice for ranch, loft, country and even very contemporary homes.

FEATURES & OPTIONS

- Wide Range of Accessories Available
- Fixed Spray Shower Head
- Two Standard Finishes
- Matching Shower Drains Available
- Thermostatic and Pressure Balance Systems

WALL AND DECKMOUNT LAVS

BrownStone
PREMIUM FAUCETS

Evoking a bygone era of the Gatsby, ragtime and the speakeasy, the BrownStone delivers traditional design with an elegant simplicity. The understated yet confident style is still comfortable in today's powder room, master bathroom, kitchen or wet bar.

FEATURES & OPTIONS

- Fixed or Swivel Spouts Available
- Ceramic or Metal Caps Available for Cross Handles
- Available in Antique Bronze, Rustic Copper or Satin Nickel
- Kitchen Side Spray Available

LAVS & BAR FAUCETS

WingNut
PREMIUM FAUCETS

A little urban, a little country, this graceful style enhances your bath and kitchen environments equally.

It complements nicely appointed restrooms of upscale hospitality venues with elegance and reliable functionality.

FEATURES & OPTIONS

- Fixed or Swivel Spouts Available
- Kitchen Side spray Available
- Available in Rustic Copper, Rustic Nickel or Oil-Rubbed Bronze

HANDS-FREE FAUCETS

The latest in hands-free technology, Sans Hands does not rely on infrared or motion sensors. This revolutionary system works off the magnetic field created from a low voltage current running through the spout itself. When your hand breaks the field – the water turns on. Simple, yet effective!

FEATURES & OPTIONS

- Many Elegant Spout Styles
- No Visible Sensors
- No Unreliable Infra-Red
- No Frantic Hand-Waving
- Works Every Time
