### Robe Hook Installation

**Step 1:** Install the Mounting Bracket **LEVEL** using provided Screws and Anchors. See **FIG 1**

**Note:** It is important to install the Mounting Bracket Level for the Robe Hook to be Level.

**Step 2:** Install the Flange and Strap using the Top Screw and threading it into the Mounting Bracket. See **FIG 2**

**Step 3:** Install the Post threading the Back Cap into the Post. Make sure to align the pins into the notches on the Strap. See **FIG 3**
